

Preface

2015 the 3rd International conference on Control, Mechatronics and Automation (ICMME 2015) was held in Barcelona, Spain during December 21-22, 2015.

The conference provides a platform to discuss Control, Mechatronics and Automation etc. with participants from all over the world, both from academia and from industry. Its success is reflected in the papers received, with participants coming from several countries, allowing a real multinational multicultural exchange of experiences and ideas.

Every submission has been peer reviewed by 2-3 reviewers in the right area, and more than 90 submissions have been received with only 48 of them were accepted finally. And then they have been grouped into Seven sessions and chapters in the oral presentation and final publication in the proceedings, namely, Automation control theory and Application, Electronic application technologies, Robot design and development, Machinery manufacturing and industrial applications, Applications of Computer and IT, Image processing and Applications, Networks and Communication Engineering.

This conference can only succeed as a team effort, so the editors want to thank the international scientific committees and the reviewers for their excellent work in reviewing the papers as well as their invaluable input and advice. Thanks also goes to the Warsaw Institute of Communications, International Association of Computer Science & Information Technology, Guizhou University and EDP Sciences for their various support to ICCMA 2015.

Prof. Meixing Guo, Guizhou University, China
On behalf of the organizing Committees
