

Welcoming Address

Selamat Datang and Welcome to all participants of ICEESI2017

On behalf of the Organizing Committee, it is my great pleasure to welcome all local and international delegates to International Conference on Emerging Electronic Solution for IoT (ICEESI) 2017 and to the beautiful island known as “Pearl of the Orient”. This event is jointly organized by SCCE UniMAP, Malaysia and CSE DUET, Bangladesh.

The Technical Program Committee undertook a challenging task in evaluating the large number of submitted papers, considering the merits of each through detailed reviews discussing, and selecting the best papers. These papers of highest calibre are planned into the two days program consisting of two keynote speakers and five (5) parallel technical sessions/tracks. I hope your experience with ICEESI2017 will be a fruitful and long lasting one. With your support and participation, it is envisioned that ICEESI2017 will continue its success for a long time in the future.

I would like to gratefully acknowledge a wide spectrum of generous sponsors and technical support, without whom we may struggle to host such a prestigious conference. They include the Malaysian Communication and Multimedia Commission (MCMC), Tekmark and Keysight Technologies, and UniMAP Holdings. My greatest gratitude goes to all the committee members who have been working very hard to ensure everything falls into place during this special occasion.

Finally, I would like to apologize for any weaknesses that have been experienced throughout organizing this conference. I sincerely hope that all the participants will enjoy a memorable and a unique overall experience during ICEESI 2017. Wish u a cheerful and great stay in Penang and Malaysia.

Thank you.

Dr. Muzammil Jusoh, C. Eng
ICEESI 2017 Conference Chair
