

Preface

2018 the 3rd International Conference on Civil Engineering and Materials Science (ICCEMS 2018) was held in Chengdu, China during April 13-15, 2018.

The event was held with presentations delivered by researchers and scholars from the international community, including keynote speeches and highly selective lectures. It brings together the top researchers from Asian Pacific nations, North America, Europe and around the world to exchange their research results and address open issues in biomaterials, biomedical manufacturing, casting and solidification, characterisation, coatings and surface engineering, composite materials, etc.

The proceedings included papers which were from universities, research institutes and industries. All of the papers were subjected to peer-reviewing by conference committee members and international reviewers. The papers selected for the proceedings depended on their quality and their relevance to conference.

We would like to take this opportunity to thank many people. First and foremost we want to express our deep appreciation to keynote speakers, Prof. Kyoung Sun Moon, Yale University School of Architecture, USA; Prof. C. W. Lim, City University of Hong Kong, Hong Kong; Prof. Xiaohong Zhu, Sichuan University, China.

We would like to thank the committee members for their hard work in making sure a smooth running of this conference. Many thanks to the reviewers for their excellent job to maintain the academic quality of this conference.

Final thanks go to all authors and participants at ICCEMS 2018 for helping to make it a successful event.

With our warmest regards,
ICCEMS 2018 Organizing Committees
