

# Preface

It is our great pleasure and honor to welcome everyone to 2018 7th International Conference on Power Science and Engineering. ICPSE 2018 is technically supported by Energy Economics Group, Institute of Energy Systems and Electric Drives, Vienna University of Technology (TU Wien) and keep promoting the information exchange on Power Science and Engineering, which aims to promote international academic exchange and international cooperation, and provide an opportunity for researchers around the world to exchange ideas and latest research results, in both theory and application of Power Science and Engineering.

Through our efforts, we tried to spread the news about ICPSE2018 to as many relevant researchers of the world as possible. Towards that we were blessed with an energetic team, the members of which worked side-by-side which resulted in optimization of coordination among all. We appreciate that every author who wants to maximize the attraction of his/her manuscripts and we will do our best to support them in their endeavors. Our sincere thanks also extend to conference chairs, program chairs, and technical committee members who have made significant contributions to the excellence of conference.

Let us hope that the participants will have fruitful discussions among each other and that our overseas participants will enjoy their journey in Vienna.

Dr. Reinhard Haas
